Our Approach

Overall, Canadian education is a success story. But high overall quality masks deep inequality. On First Nations reserves, 3 in 5 students do not complete high school. Small communities often face challenges recruiting and retaining teachers. And, too often, new teachers arrive in northern and Indigenous communities without the preparation and support they need to succeed—and stay—in the classroom.

Teach For Canada has joined northern First Nations communities in the movement to make education more equal. We are a non-profit organization that supports student success by recruiting and developing committed educators in partnership with First Nations.

Our Culture

We dream big and our tightly knit team works hard to create meaningful impact. For a Director of Team and Operations, this means working flexible evening and weekend hours for hiring, financial management at the Summer Enrichment Program or at other points in the year. The Director is expected to create a work schedule that is sustainable and work with their manager to take vacation time.

If you prefer working alone, dislike ambiguity, and adhere to a very strict schedule, then this job probably isn't right for you. But if you're looking for a fun, multi-faceted, energizing, and rewarding work environment that will push you every day, then we want to hear from you.
